

# The Building Safety Group Newsletter

18 MAY 2010:

100% PASS RATE  
MORE ACCREDITATIONS  
FUNDRAISING  
WHY BSG  
AVAILABLE COURSES

Thanks for all your responses to the last newsletter! I had to leave a few things out last time so here's this weeks edition.

## 100% PASS RATE!

nebosh  
Accredited Centre  
722

We have always maintained fantastic pass results for our NEBOSH Construction Course, and the last set of results is no exception with a 100% pass rate including distinctions and credits.

Well done to John Harris, one of our NEBOSH trainers — we had some very positive feedback on John's teaching method!

Our next Nebosh course starts on the 25th August – [CLICK HERE](#) to request more info.

## MORE ACCREDITATIONS FOR MEMBERS

Since the last newsletter many of you have kindly been in contact with your own successes. Please keep them coming!

BSG Ltd would like to congratulate T D Newton, Snashall Steel Fabrications, Blackhorse Contractors, Technic Mechanical Services Ltd, Build Maintain Ltd. Thanks for your feedback, and thanks for your comments about how our Safety Advisers helped with the applications.

If you do not have your accreditation yet, and require advice, please speak to a BSG Safety Adviser.

## FUNDRAISING!

It seems to be fundraising season at BSG this month! Personally, I've played at two charity gigs for Haiti and CLIC this month, and now Chris is getting in on the 'act' by running the Plymouth Half Marathon in aid of Cancer Research.

Apparently training is going well since cutting out the Sunday fry-ups so if you know, and would like to sponsor Chris, you can donate at [www.justgiving.com/chris-may1](http://www.justgiving.com/chris-may1)

## WHY HAVE OUR COURSES BEEN SO POPULAR EVEN DURING THE ECONOMIC DOWNTURN?

- Competitive prices
- Quality experienced trainers
- Top pass rates
- Variety
- Accreditations

## NEXT AVAILABLE COURSES
